

Down East Duck Adventures Business Sale

Cardente Real Estate is pleased to offer for sale the Downeast Duck Adventures. The Downeast Duck Adventures began operation in 2005 in Portland, Maine and quickly became one of the most recognized and popular guided tours in the area. Unlike any other tour, the Downeast Duck Tour takes you through the Old Port and Portland providing excellent historical and current information with a comedic twist then gracefully slips into Casco Bay for a safe, unforgettable ride through the Harbor. The “Duck Boat” was custom built to provide ease of maintenance, safety and comfort for the passengers and crew. The business has been streamlined over the years with features such as an excellent website, online ticket ordering, individual/group photos of each passenger for sale at the end of the tour and established contracts and locations for ocean access and loading and unloading of passengers. For more information on this true-key business, including financials and vehicle information contact the listing Broker.

Down East Duck Adventures Business Details

This vessel was built and commissioned in 2005. Designed by Roger Long Natural Architects, and built out of high grade marine aluminum, with severe duty in mind. This was also designed for ease of operation and regular maintenance. All replacement parts for the vessel are sold over the counter, included in the sale of business is a large inventory of spare parts for the vessel. This vessel was originally designed to carry 48 passengers, but when regulations changed on passenger weight requirements those seats were lost. The vessel is very well taken care of, passing the USCG and DOT inspections, with no hull damage or marine casualties. The engine oil has been analyzed bi annually and shows normal conditions. This vessel is currently in operation in Portland, Maine.
